Paper Money of the World

#The Standard Catalog of World Paper Money"
by Albert Pick is ussed for identification
and estimated prices unless otherwise in-
dicated. We are also using Pick's grading
guide which is in the front part of the
book. So please, remember that the grades
listed are Pick's grade and not what we or
you are possibly accustomed to. Please take
this into consideration when examining any
notes that you may win in this sale. i.e.
if a note is only VG in your standards, it
may very well be F or VF by Pick's standard
and wd are using Pick as a grading guide.

2963 Fried 611 Edward VI 1547-53 silver penny-London mint-obv is almost a complete washbut except for small portion of legend rev shield is fair-legend ranges from G to poor-sm planchet crack & is bent 20.00

2964 Fried 634 Elizabeth I 1571-silver groat-obv only a sm part of bust is outlined very weakly-legend ranges from G to non-existant-Elizabeth shows although is weak-rev shield is fair-again the legend from good to none at all-has a fairly large planchet crack-lightly bent 7.00

Cotton AU-UNC-For those who do not know
who Schiller was, I never heard of him
either. So I looked him up in an encycloped-
ia-I found him to be Johann Schiller, born
in Marbach in Wurttemberg, Germany in 1759
He was in turn a poet,a lawyer,an army surge-
on, a playwright, a professor at Jena
University, and a historian with several
published history books including "History
of Thirty Years War". Among the plays that
he authored was the drama "William Tell"
Schiller is considered Germany's greatest
dramatist. So much for that. I have not
completely decided why New York 1859 appears
on the medal. It is the 100th anniv. of
his birth but must have been promoted as
an advertising gimmick by the Matthews
firm-probably worth about 75.00

Notes for the Sale

I have received a book that I believe every collector of U.S. coins should have in his library. It is "Colonial Copies Private Mint Replicas, Modern Counterfeits of United States Coins" by Larry Spanbauer. It is a 75 page book with excellent photos, descriptions and known dates on "fakes". The scope runs from copper cents through gold pieces. There is a nice article about this book in the Nov. 28th issue of the Coin World. In my opinion, every collector will be pleased with this book. The only ones who will not be are the outright crooks and cheats and I guarantee that these people are not going to like it one little bit.

Anyone wishing to obtain a copy please send \$4.25 to Larry Spanbauer, 1119 So. Westfield St., Oshkosh, Wis.

54901-This price includes postage and handling. Just please mention Danny Boy Enterprises when ordering.

We underestimated the amount of paper needed for this catalog and ran out of paper before we could complete the last few sheets. Rather than wait for 10 days or more for paper, we finished out with odds and ends of paper that we had on hand. Some of this paper is not suitable for this type of work and as a result some of the last few pages are not of the best quality. We ask for your patience because of this. The next catalog will be of the regular paper.

The Carolina World Coin Asso. expects to hold its annual coin show on Sunday Feb. 1, 1975 at the Friendly Shopping Center in Greensboro, N.C. Hope to see many of you there.

We wish to thank all of you who let us know the date you received your catalogs. The information has been handed over to the postal system. I do not expect too much but at least I tried.

We wish all of you a very merry Christmas and a happy, healthy and prosperous 1976.
